Daily Multi Fiber for Bowel Movements

Fermented Whole Grain and Seaweed Improve Bowel Conditions

Hyunmiryeok Plus Whole Food Fiber

If You Can't Have a Daily Meal with Enough Vegetables

To restore chronic constipation natural way, it is required to eat both soluble and insoluble fiber more than 25g everyday. However, it is hard to consume recommended daily fiber intake. What if there is an easy way for a bowel movement? We want to introduce our natural dietary supplement. 'Hyunmiryeok Plus' is a fast and effective dietary supplement to improve your bowel conditions.

One Pack Full with Seaweeds and Brown Rice Bran

Fermented insoluble fiber, brown rice, and soluble fiber, seaweeds, are absorbed fast and give direct effects to any type of constipation. Its natural formula makes it safe enough for kids to take, and it is zero-tolerance. Discover the advantages related to eating Hyunmiryeok Plus for natural and healthy constipation relief.
